THE LEVY-POU CO.,

THE BIG DOWN TOWN CLOTHES

GEORGIA'S FRUIT ESCAPED.

The Freeze Has Done but Little Damage in the State.

ATLANTA, March 17.—Reports from The Constitution's correspondents at Griffin, Fort Valley, Forsyth, Newnan, Montezuma, Americus, Barneville, Columbus, Perry, Rome and Marietta indicate that the fruit crop has not been damaged to any extent.

The advices from the peach belt are especially encouraging, and the indications are that the crop will be the heaviest in years.

Advices from Chattanooga say information sent out by the Associated Press from this point as to the effect of the fruit crop is misleading. Peaches and plums, it is agreed, have been greatly damaged, if not all killed, but other fruit has not been seriously hurt. Peaches have not been damaged here very much and the berry fields are uninjured.

One Above Zero in Chicago.

CHICAGO, March 17.—The temperature this morning beat all records for this late in March since 1888. At 2 o'clock this morning the thermometer registered 1 below zero. The cold wave, which originated in the northwest, had its center in this district. Chicago, Milwaukee and Green Bay were the only places where the temperature reached zero.

Florida Not Damaged.

JACKSONVILLE, Fla., March 17.—The cold wave did no damage except in the northern part of the state where little truck is raised. The cold only extended a short distance south of here. Practically no damage was done the orange trees or crops in the great fruit growing section of the state.

Blizzard in Ohio.

LIMA, O., March 17.—A blizzard struck the city last night, a snow storm raged, followed by a drop in the temperature to 7 below zero at 5 a. m. The natural gas pressure is so weak that it is not sufficient to keep stoves warm and there is much suffering.

Cold Record Broken.

COLUMBUS, O., March 17.—All records were broken for cold at the local bureau last night and this morning, the thermometer being zero. The records cover 22 years and no equal is shown during the month of March.

Coldest March in 23 Years.

PITTSBURGH, March 17.—The mercury dropped to 2 degrees above zero about daylight. This is the coldest weather experienced in this section in March for 23 years.

STAGE GLINTS.

Mrs. Langtry denies that her own life is portrayed in "The Degenerates." McIntyre and Heath, the black face performers, have been professional partners for 26 years.

The Macarte sisters, whose vaudeville turn was called a wonder in this country, have won the same praise in Australia, where they are now.

The scenes of Collier's new play, "Mr. Smooth," are laid in New York and Saratoga, the second act showing the exterior of the Grand Union hotel in the latter place.

Charles Frohman has captured another "real" society young man for the stage. This time he is Horace Porter, son of New York, and he joins the "Hearts Are Trump" company.

Andrew Robson is playing the part taken by the late Charles Coghlan in "The Royal Box," with Miss Gertrude Coghlan and the old company, and reports that he is doing it well too.

"The Greatest Puritan" is the title of the Cromwell play written by Arthur Paterson. The play ends after the battle of Marston Moor. One of its episodes shows how capable of great compassion Cromwell could be under certain circumstances. His mother and daughter are characters in the action.

Viola Allen in "The Christian" and James O'Neill in "The Musketeers" will tour the south simultaneously on nearly parallel routes, meeting and playing against each other in New Orleans during Mardi Gras week. The rivalry between these popular stars is entirely friendly, however, for both appear under the same management.

APHORISMS.

The purpose firm is equal to the deed.—Young.

Dare to be true; nothing can need a lie.—Herbert.

Flatterers are the worst kind of enemies.—Tacitus.

Fidelity is seven-tenths of business success.—Parton.

The greatest of faults is to be conscious of none.—Carlyle.

The way to fame is the way to heaven, through much tribulation.—Sterne.

He that buys what he does not want will soon want what he cannot buy.—Franklin.

The man who can be nothing but serious, or nothing but merry, is but half a man.—Leigh Hunt.

Every one has a wallet behind for his own failings and one before for the failings of others.—La Fontaine.

Fate is the friend of the good, the guide of the wise, the tyrant of the foolish, the enemy of the bad.—W. R. Alger.

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as ever. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For The Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

Face to Face Talk.

If you have an institute within your reach this winter, do not fail to attend. urges The Practical Farmer. It will not do to conclude that the speakers cannot tell you anything new. You may read the papers and study books but there is nothing equal to a face to face talk on the subjects that are of interest to you in your calling. Then there are other ways that you can help the institute to do good. There are in your neighborhood many men—for they are in every section, unfortunately—who will not take the papers and will not study their calling. Try to get these men out at the institute, and you may awaken in them a desire to learn more.

Shortage of Range Horses.

More range horses were shipped from Wyoming during the past year than ever before for the same period, says The American Stock Farm, and the coming season will witness a shortage of these animals in not only that state, but Colorado, Montana and Idaho. Hundreds of ranchmen who for ten years past have paid no attention to horses, owing to the low price obtained, are now breeding and increasing their horse herds, improving the stock and preparing to rear animals which will bring them more profit and credit.

CASTORIA.

The Kind You Have Always Bought Bears the Signature of *Wm. D. Mitchell* FOR SALE.

At a bargain, 76 acres (30 under fence and cultivation, the balance woodland), 1/2 of a mile north of Cordova Park, with 4-room house, barn and two stables. Price \$600. For further information, apply to W. R. Douglass on place, or J. E. Dubalsen & Bro., city. 13u1m

AN IMPORTANT SUIT FILED.

City of Atlanta Wants Damages From Pipe Company.

BIRMINGHAM, Ala., March 17.—The city of Atlanta has filed suit in the United States court here against the Anniston Pipe and Foundry company and the Howard Harrison Iron company for \$30,000, and the case will probably go to the supreme court before it is concluded.

The city alleges that a trust has been formed among the pipe men for the purpose of advancing the price of piping.

It is also alleged that the city has been the victim of a conspiracy in regard to the bids on piping. The lowest bidder has always been, it appears, the Anniston company, which the city appears to believe was all arranged for.

The suit is looked upon in the nature of a test case, and it is believed it will go to the United States supreme court. If the complaint is sustained by the courts, similar suits from other municipalities will follow.

UNITED STATES IN SAMOA.

Navy Department Notified That We Get Three Islands.

WASHINGTON, March 17.—The navy department has received a report from Commander Tilley of the Alabama, who is temporarily looking after the interests of the United States in Tutuila. The officer reports that satisfactory progress is being made in connection with the steel pier and buildings for the coaling station in Pago Pago harbor.

He has little to say touching peaceful conditions, but the formal notification issued by him to the principal chief in the island informing him that in the division of the Samoan group that the three adjacent smaller islands of the group had fallen to the share of the United States and the interests would be protected and assisted.
